Imaging Examples

Introducing various examples using unique characteristics of the Flat Dome Lights

Electronic Components Industry

Imaging Characters on a Textured Metal Surface

Conventional product
Ring Light (Red)

The surface texture makes it difficult to read the characters clearly.

New product
LFX3-25RD (Red)

Effects from the surface texture are suppressed so that the characters stand out clearly.

Electronic Components Industry

Imaging Characters on Button Batteries

Conventional product
Dome Light (Red)

The textured surface makes it impossible to read the printed characters.

New product
LFX3-100RD (Red)

Effects from the textured surface are suppressed so that the characters stand out clearly.

Packaging Industry

Imaging Shrink Film of Containers

Conventional product
Ring Light (Blue)

The shrink film is poorly imaged.

New product
LFX3-100BL (Blue)

The shrink film is clearly imaged.
